

W elcome to Evergreen Gundogs!

Thank you for choosing us for your next quality Hunting companion. We are very selective in who we choose to sell one of our puppies to and you obviously are one of the chosen that we see as a quality, loving and lasting hunting home. Here at Evergreen we guarantee our dogs for 1 full year for any genetic health issues that may arise. Anything

after that is on a case by case basis. We can either work with yours or our vet to resolve any issues that may need to be corrected. We will not warranty any hips or issues that arise if you neuter or spay a dog before 2 years of age. We cannot guarantee any environmental or age related health issues after 8 years of age as many things factor into a dogs health in its later years. We will not guarantee that all pups will be of breeding quality due to the fact that a lot testing and vetting goes into the suitability of a dog for breeding.

We highly encourage our buyers to test their pups in the NAVHDA Natural Ability test. It is a test that helps the breeder track the data on what the kennel is producing and make any necessary changes to our breeding program. Here at Evergreen we take this so seriously that we will even help you train and test the dog. We also offer just standard training for our regular training fees.

The pups at Evergreen are going to be started with their shots and come registered with FDSB and NAVHDA. We introduce the pups to Birds, Guns, and water before they are sent home. In most cases we try to keep our pups to 10 weeks of age or until we see the desired adjustments we look for. We ask \$2,000 USD for our pups. The testing support, FDSB and NAVHDA registry, and a one year reimbursement for NAVHDA international membership is all included in the price. All of this provides great value to you and your puppy. A \$200 USD deposit is required when the litter reaches 5 weeks of age. This is non-refundable unless for some reason the pup cannot be produced.

If this is all ok with you, please sign acknowledging you have read, understand and agree with all that is stated above. *(Keep a signed copy for your records).*
